

GLS Parcel Shop: there is one around the corner!

With our new national and international **Shop Delivery service**, you can deliver shipments to any of the pickup points in the GLS network, even abroad! With over 33,000 Depots and GLS Parcel Shops in Europe, there will always be a destination nearby.

In addition, since May this year we have expanded our Parcel Shop network with **about 5,000 pickup points in Italy**. This happened thanks to the agreement with ProntoPacco, one of the largest networks of pickup points. The goal is also to

further strengthen the visibility of the two companies, as well as to offer customers a range of technological and logistical solutions unrivaled in terms of capillarity, quality and value. The GLS Parcel Shop network means great benefits for both the sender and the recipient, and also a focus on greater sustainability.

Because of our ever-expanding network we will therefore be able to offer **a more convenient pickup service throughout the country, providing solutions to suit every need**.
